Modifications

Fast and easy to install, this product is
suitable for temporary or longer-term needs

Shower and bathroom in one. The Careport
includes a conventional flushable toilet and shower

The Careport portable bathroom can be located almost
anywhere in the home, and is available for hire or purchase

TECHNICAL SPECS AND REQUIREMENTS

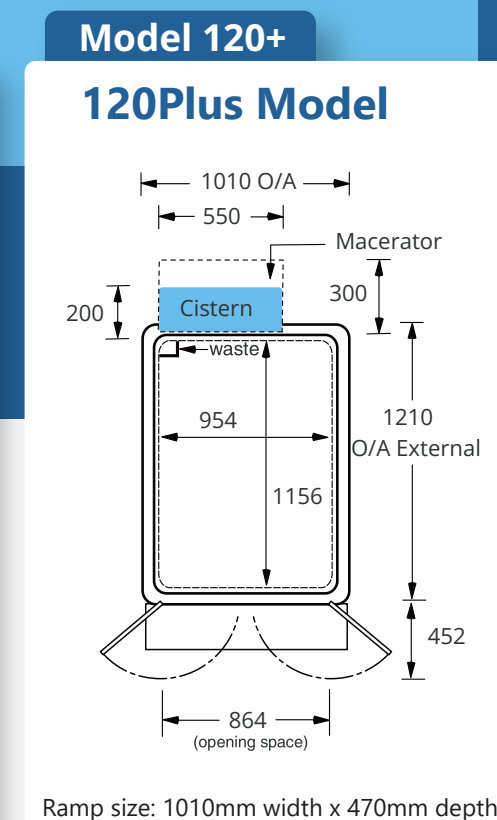

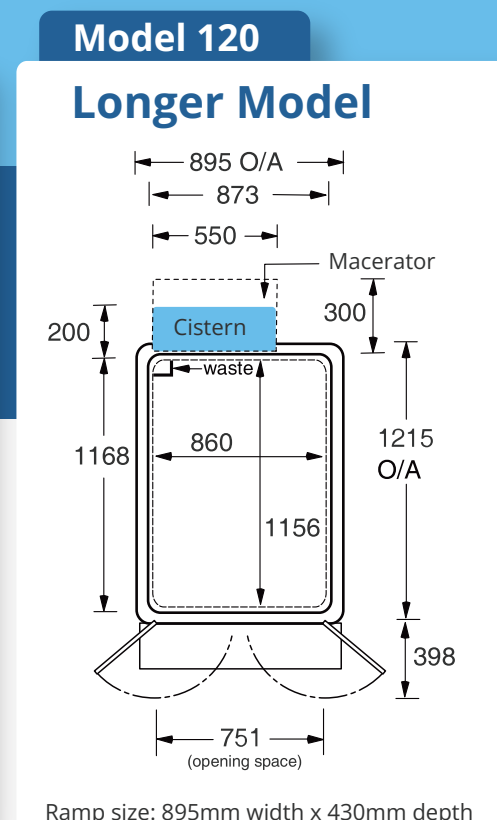

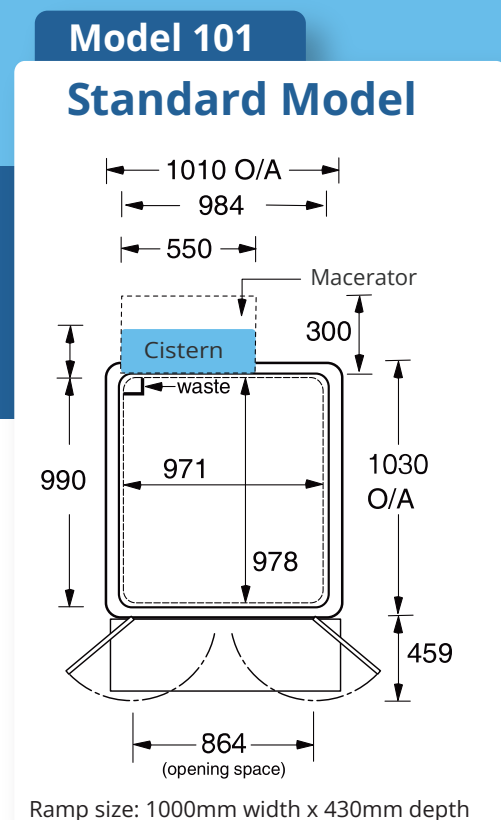

- Allow 300mm at rear for plumbing services
- Allow as much space as possible for ease of access
- 10 amp 240 volt power point
- Access to garden tap
- Access to sewer gully trap
- Located close to an openable window or door

The CarePort cubicle solution accommodates virtually any type of shower stool or chair and the shower head height can be adjusted to suit, or simply use as hand held.

CarePort units can be installed or removed quickly in any room of a home with minimal disruption. The freestanding unit is safe, easy to clean and conforms to the relevant Australian plumbing and electrical standards. Can be supplied with an optional self contained thermostat controlled hot water service.

The portable CarePort unit can be provided as either a stand alone shower or shower and toilet combination, thereby providing an immediate solution for accessible showering and toileting.

CAREPORT PORTABLE BATHROOMS

Our extensive range of off the shelf and custom-made products are specifically designed to improve safety and mobility in and around the homes for people who are elderly, with disability and/or injured.
